A MISTAKEN IDENTITY.
Provo, Sept. 21.—Sheriff Judd received a telegram today from Fred Langan of Cleveland, O., which reads as follows: "Hold and recall supposed body of William Langan. Heard of him this morning at Minneapolis. Langan lost union card. Corpse of man must be that of man who found here by Undertaker Burt, and, if found not to be William Langan, will be buried here. The body was brought in from Soldiers summit last Friday, where it had been found by the side of the railroad track."

GOOD ROADS TO DRAW CROWD

Salt Lake, Sept. 21.—At a meeting of the directors of the Automobile club of Utah held yesterday, President C. A. Quigley appointed a delegation of five to represent the club at the good roads convention to be held at Ogden, September 23, 24 and 25. The members appointed are W. J. Halloran, Dr. E. D. Woodruff, W. J. Burton, Henry Dinwoodey and S. H. Sharnan. These will attend the convention and boost for good roads in the interests of the automobilists of the state, who are doing great work along these lines at present.

On Monday, the closing day of the convention, the Automobile club will run an excursion of automobilists to Ogden to take part in the building of a sample "good road" under the auspices of the convention. The Weber county commissioners have left a small stretch of road between Salt Lake and Ogden to be fixed on this occasion, and propose to show the convention how quickly such a piece of road building can be done when it is handled by the proper methods. The Automobile club extends an open invitation to all auto owners in the state to take part in this excursion to show their appreciation of the efforts being made by the convention toward better roads.

ALIEN EXPULSION.
Washington, Sept. 21.—Expulsion of aliens from England is steadily reducing the amount of alien crime, according to a government report recently published and forwarded to this government by Consul H. M. Byington of Bristol. Last year the number of alien convicts in England was less than 2 per cent. of the prison population, whereas six years ago it was 3 1/2 per cent. The number of aliens who settled in Great Britain last year was about 10,000, as compared with 27,000 the year before.

YOUNG FOLKS UNITED AT SPRINGVILLE WEDDING

Springville, Sept. 21.—One of the prettiest weddings of the season took place at high noon today at the residence of Mr. and Mrs. Henry Meneray. The bride was their daughter, Mianie, and the bridegroom was Adam Cook Brown, a young business man of Salt Lake. The ceremony was performed in the parlors of the residence by the Rev. Frank O. Leonard of the Presbyterian church in the presence of quite a gathering of friends and relatives. The rooms had been most artistically decorated in a wealth of flowers and presented an attractive appearance. Following the ceremony good wishes were extended the happy pair, who left for a wedding trip. They will be at home after October 15 in Salt Lake.

DIVORCE AT COALVILLE.

Coalville, Sept. 21.—Judge Armstrong was here yesterday, and held a short session of the district court. Mary McLeod was granted a decree of divorce from John McLeod.

SPORTS

THREE TEAMS ARE READY FOR ACTION

Salt Lake, Sept. 21.—Three first-class teams were in suits Tuesday afternoon at the high school and during the practice there were several classic stunts pulled off. The boys have settled down to fight for positions, and the majority of squad is in good training as a result. Coach Brusse said that he would not attempt to select a first team for at least two weeks and possibly not for three. The main part of the work is running, and the reason for so much of it is to have the boys hardened before the heavy scrimmage sets in. The teams will not buck each other for two weeks, but when they meet there will be some good practice games. The first week of practice will serve as an excellent assistance in Coach Brusse and D. A. Callahan selecting the eleven boys.

This week will be a busy one for those who have the clearing of the campus in charge. Every possible effort will be made to have a fence built and to level the field and cover it with a layer of clay. The school must have some place for the games, and it is hoped that the board of education will lend all needed assistance. It is a certainty that the season's

games will more than repay the expenditure.

F. C. Hawks, manager of the Ogden high school football team, is asking for a series of games. The same trouble applies in this case, as with the Grand Junction request for a game. No definite answer can be given Manager Hawks until the campus is completed. Jordan high school has a team this season and the boys seem anxious for a game. Jordan will probably be played in the place of All Hallows college.

MRS. BRADLEY HAS MONEY FOR SONS

Salt Lake, Sept. 21.—At last, after much litigation, the contest brought by Mrs. Annie M. Bradley against the will of United States Senator Arthur Brown has been settled by the awarding to the two children of Senator Brown by Mrs. Bradley of \$12,000. The case will be dismissed in the court, and the formal agreement between Mrs. Bradley and Max Brown, son of the senator and executor of the will, will be signed today (Wednesday). Attorney General Harns has been selected as guardian of the two children, Arthur and Martin Montgomery Brown, and this selection will be ratified in the agreement to be signed Wednesday. The money goes to the children, and the naming of a guardian is necessary.

As is well remembered, Mrs. Bradley shot and killed Senator Brown in the Raleigh hotel at Washington, D. C., December 8, 1906. Mrs. Bradley was driven to desperation in the commission of the act and was acquitted of the crime. Judge O. W. Powers defended her at Washington, and he and Judge Marionaux acted in her behalf in the settlement of the will contest case. Judge W. H. King represented the interests of the Brown estate.

HUGHES WILL ACK TO BE EXCUSED

Washington, Sept. 21.—Charles E. Hughes, when he becomes a member of the supreme court of the United States next month, will ask to be excused from the hearing of one of the first cases that will come before the tribunal because it concerns one of his own official acts.

The court will be asked to decide whether Mr. Hughes, as governor of New York, acted within the law in granting a warrant for the surrender, as a fugitive of justice of Frank N. Hoffstot, a Pittsburg capitalist, to the state of Pennsylvania. Hoffstot, who was indicted on a charge of conspiracy to bribe members of the Pittsburg city council to select certain banks as depositories of city funds, sought to be released from the arrest ordered by Governor Hughes in response to a request of the governor of Pennsylvania. The circuit court for the southern district of New York, refused to release him, and Hoffstot appealed to the United States supreme court.

Notice has just been filed with the court that a motion on behalf of the city of Pittsburg to dismiss the appeal will be presented October 10. The brief in support of this motion seeks to maintain that Governor Hughes was warranted in finding as a fact that Hoffstot was a fugitive from justice.
